

SMALL FOOTPRINTS. INFINITE HORIZONS

CALENDAR of EXPEDITIONS 2026 & 2027

KIMBERLEY PAPUA NEW GUINEA EAST INDONESIA RAJA AMPAT BORNEO

ISSUE: JANUARY 2026

PEARL EXPEDITIONS

Pearl Expeditions offers intimate adventures aboard the purpose-built *Paspaley Pearl*, hosting just 30 guests. Blending comfort with true expedition capability, our boutique vessel together with her advanced technology enables us to access areas rarely visited.

Each journey is crafted around discovery, connection, and responsible exploration, showcasing our signature remote destinations in a sustainable, deeply personal way.

PASPALLEY PEARL

DESTINATIONS

The Kimberley is our heartland. Each year, we spend six months immersed in its vast landscapes, during the region's beautiful and temperate dry season in Australia's North West.

The Kimberley

Formed 1.9 billion years ago, the Kimberley's 425,000 square kilometres are iconic, with 14-metre tides that continue to shape the rugged coastline around marine environments ranking among the most pristine on the planet.

Our voyage includes an exclusive visit to the Paspaley Pearling farms at Kuri Bay for a behind-the-scenes tour.

The other six months will take us further afield, to remote and rarely experienced destinations rich in nature and culture.

Papua New Guinea

We venture deep into the remote corners of this fascinating country, engaging with ancient village communities and learning from the rich, traditional cultures of its people.

*Pricing includes return charter flights between Cairns and Madang.*

Raja Ampat, Indonesia

Known as the global epicentre of marine biodiversity, this remote paradise is made up of over 1,500 islands across 70,000 square kilometres of ocean and land. With a small population of just 67,000 people, it is also a sanctuary for rare and exotic bird species.

Eastern Indonesia

From Dili to Bali, our journey includes swimming alongside whale sharks in Saleh Bay, witnessing the power of Komodo dragons, attending traditional water buffalo races, and deep cultural connections with local communities.

Borneo

We search for the "faces in the forest": orangutans, with whom we share 97% of our DNA. Along the Sekonyer River, we'll encounter not only orangutans but also proboscis monkeys, macaques, and the incredible biodiversity of this remarkable wilderness.

Rowley Shoals

Positioned 300 kilometres west of Broome, Rowley Shoals is one of the most pristine coral reef systems on Earth. We explore pristine coral walls that plunge into the abyss, lagoons of crystalline turquoise water, and marine biodiversity found nowhere else.

Arnhem Land, Torres Islands & GBR

We visit Indigenous Australia's most significant cultural regions, where ancient songlines guide modern discovery, and every encounter reveals knowledge systems spanning 65,000 unbroken years.

30 GUESTS/22 CREW  
*m/y PASPALLEY PEARL*

- Ocean Double Stateroom\*  
14sqm / Double Bed
- Ocean Twin Stateroom  
16sqm / Twin Bed

“The drama starts before you’ve finished your champagne. Stingrays glide beneath the bow as the ship slips from Broome into waters that have been reshaping themselves for 65,000 years.”

Ann Brodie
